

Natural Gas Pipeline Operator (Full-Time)

Appalachian Midstream Partners, LLC
Somerset Gas Gathering of Pennsylvania, LLC

Overview

Somerset Gas Gathering of Pennsylvania, LLC, a natural gas gathering company, is currently seeking an experienced individual to manage and or operate the company's natural gas gathering pipeline in NW Pennsylvania.

Specific responsibilities for this position will include, but not limited to:

- Responsible for development of both short and long term operation plans, identified by the company's senior management
- Be available for 24 hour call out and emergency response.
- Direct supervision of third party contractors
- Perform routine maintenance on compressor systems, electronic and mechanical measurement systems, pressure regulators, corrosion prevention devices and natural gas equipment
- Perform all required inspections of the pipeline and systems in order to maintain safe and efficient operation
- Assist in the development and forecasting of the pipeline's annual field expense budget

The ideal candidate must possess excellent communication and interpersonal skills. In addition, the candidate should have the ability to manage priorities with little oversight, manage to deadlines readily, and possess sufficient planning and execution skills. This position requires working with colleagues, consultants, and landowners in an effective and professional manner.

Our ideal candidate should have experience in natural gas regulation, compression, measurement, electronic control systems, and corrosion control. Candidate must be able to demonstrate a track record of remote gas operations with minimum supervision and be computer literate with experience in Microsoft Products (Excel, Word, and Outlook)

Experience

This position requires at least 2 years of experience in Natural Gas Production/Transmission/Distribution.

Location

This position will be based in Emporium, Pennsylvania (Pittsburgh).

Salary

Salary is commensurate with experience. This full-time position includes full company benefits and relocation package.

About the Company

Appalachian Midstream Partners, LLC (AMP) was formed in late 2010 by private equity investor, Avista Capital Partners, and midstream pipeline developer, Somerset Gas Transmission Company, LLC, to meet the rapidly developing need for robust midstream gathering assets in the Appalachian basin. Focused primarily on the Marcellus shale formation, AMP is actively seeking additional development and acquisition opportunities in natural gas gathering and transportation, treatment and processing, and pipelines conversions.

AMP is committed to providing the highest levels of integrity to our clients and colleagues, while building our company into an energy services leader. We offer an exciting working environment in a rapidly growing industry, competitive salaries, excellent benefits, and a great opportunity to work in an entrepreneurial organization.

AMP is an equal opportunity employer and does not discriminate on the basis of race, color, religion, creed, sex, age, sexual orientation, national origin, disability, marital status, military status, genetic predisposition, or any other basis protected by law.
